Introductory remarks	8
Foreword	17
Introduction	18
Acupuncture, one of the oldest forms of therapy in the world, modern than newer before	18
First, there is great scepticism.....	18
The use of acupuncture is now growing rapidly	18
What is the way that acupuncture works?.....	19
Progress through the use of laser technology.....	20
Where is the evidence? Numerous tests have verified the outstanding efficacy of acupuncture.	21
Which diseases can be treated successfully with laser acupuncture?	24
Acupuncture today is meeting with growing interest from veterinarians.....	27
References:.....	30
Chapter 1.....	31
Traditional Chinese Veterinary Medicine	31
The history of veterinary acupuncture.....	32
Eastern physiology	34
Phases of Change (5 Elements)	37
The function circuits or meridians	39
The element Wood.....	39
The element Fire.....	40
The element Earth	41
The element Metal	42
The element Water	43
Sheng and Co Cycle	44
The origin of diseases	45
Eight Principles	46
Yin - Yang disease.....	46
Internal - external disease.....	47
Coldness - heat ailments	47
Deficiency - excess ailments	47
Placing the meridians in the traditional Chinese frame of thought.....	48
Tonification points.....	49
Sedation points.....	49
Source points	49
Luo Connecting points.....	50
Alarm points	51
Back Shu or Association points	52
Master points.....	53
Influential points.....	53
He Sea points.....	54
Opening points:	55
Acupuncture points and meridians	55
Point locations	56
Lungmeridian	58

Large Intestine.....	58
Stomach meridian.....	60
Spleen Meridian.....	60
Heart Meridian.....	62
Small Intestine meridian.....	62
Bladder meridian.....	64
Kidney meridian.....	66
Pericardium meridian.....	68
Triple Heater meridian.....	68
Gallbladder meridian.....	70
Liver meridian.....	70
The Eight Extraordinary Vessels.....	72
The Governing Vessel.....	72
Conception Vessel.....	72
The Ting (= Jing Well) points.....	75
Some simple concepts of treatment:.....	79
Shu-Mo-treatment.....	79
Rule of the linked meridians.....	79
Midday Midnight concept.....	80
Mother Son rule.....	81
Tendo Muscular Meridians.....	82
Acupuncture, a regulatory therapy.....	83
Anatomy of the acupuncture point.....	83
The Effects of Acupuncture.....	84
References.....	89
Chapter 2.....	90
Modern (western scientific) Acupuncture.....	90
Locating the active acupuncture points through RAC/VAS pulse control.....	91
Direct RAC/VAS.....	91
Laser Therapy and Laser Acupuncture.....	93
Summary.....	93
History of laser technology.....	94
Application of LLLT in humans and animals.....	94
Therapy and acupuncture lasers.....	94
Acupuncture lasers are diode lasers.....	95
Function of the diode laser.....	95
Emission of continuous wave laser.....	96
Emission of impulse laser.....	96
Frequencies according to Nogier.....	98
Frequencies according to Bahr.....	99
Frequencies according to Reininger.....	100
Results of investigations into the effective mechanisms of the therapeutic laser.....	101
Physiological basis of laser effects.....	101
Effectiveness of therapeutic laser.....	101
More than 300 scientific publications on the effects of LLLT.....	103
Indication for Laser Acupuncture, Body and Ear Acupuncture Treatment.....	107
Orthopaedics.....	107
1. Back pain in horses and dogs.....	107
2. Tying up in horses.....	110
3. Acute lameness, distortion and contusion in horses and dogs.....	110

4. Acute and chronic laminitis in horses.....	111
5. Acute and chronic tendonitis (bowed tendon)	113
6. Infectious arthritis and tendonitis.....	115
Wound healing	116
1. Not infected wounds	116
2. Wound infection	116
3. Abscesses and phlegmonia.....	119
4. Infections of the navel and fistulas of the urachus.....	120
Gynaecology	121
1. Ovary, Uterus and Hormonal diseases.....	121
2. Parturition disorders	123
Internal diseases.....	123
1. Liver disease	124
2. Colic and abdominal pain	124
3. Lung diseases, Asthma and COPD (RAO).....	124
4. Kidney disease	124
5. Heart disease	125
6. Eye disorders.....	125
7. Emergency treatment for shock and collapse	126
Neurology	126
Case report	127
Radial paralysis of a 3-year-old mare after lightning stroke	127
Local laser treatment as the ideal introduction to acupuncture.....	128
References.....	129
Chapter 3.....	132
Acupuncture in acute and chronic immunodeficiency	132
Summary	133
Introduction	133
Acute and chronic immunodeficiency.....	133
Pulse Controlled Laser Acupuncture as a Holistic Therapy	134
Acupuncture a regulation therapy	135
Substitution of “Kidney Energy” for ethiogenic treatment.....	136
What therapy could be applied in acute immunodeficiency?.....	138
Superficial respiratory infections.....	138
Superficial intestinal infections	139
Superficial bladder infections	139
Immunodeficiency in chronic diseases	142
The pool of energy	142
Which possibilities do we have to balance out the organism?.....	144
The Yin circle	146
Energetic Acupuncture	147
Removal of pollutants.....	148
How to find the pollutions and the right homeopathic dilution.....	148
“Disturbing Focus” or “Perturbative Field”	149
Disturbing foci in the teeth	151
disturb and the related Flower Essence that assists the body to eliminate the teeth foci. For treatment with the Flower Essences one gives one to two drops from the Stock Bottle a day or one can make a dilution of the Flower Essence. You place 10 drops of the remedy into 30ml of water and give 10 drops three times daily from the dilution for dogs and 20 drops three times daily for horses.....	153
How to find disturbing foci.....	153

Treatment of the Disturbing Focus with Low Level Laser Therapy (LLLT).....	155
Cases that demonstrate immunodeficiency caused by the perturbative field principle	155
Case study No. 1	155
Case study No.2	156
Discussion	159
References.....	160
Chapter 4.....	162
Ear Acupuncture	162
Ear Acupuncture Maps of orthopedic points, organ points and the pathway of the meridians at the ear	163
Summary	163
Introduction	163
What is the way ear acupuncture works?	164
Controlled Ear Acupuncture as a diagnostic tool	166
Body Acupuncture versus Ear Acupuncture.....	167
Further development of Controlled Ear Acupuncture	168
Ear Acupuncture in Dogs and Horses	170
Methodology of finding the orthopedic points	171
The procedure of lameness diagnostics by RAC-controlled ear acupuncture	175
The organ-points on the ear	175
Diagnostic and treatment by the body-points at the ear	176
Transposing the body-points to the ear	177
Comparing ear-points with identical body-points	177
The meridian points on the dogs and horses ear	180
Discovering of the meridian points on the ear	194
Ear Acupuncture and RAC control as a Diagnostic Tool	195
Diagnosis of Lamenesses and organ diseases using RAC.....	195
Different options to get RAC rebounds	196
What tools do we need for ear acupuncture in horses and dogs?	197
Indications for ear-acupuncture in combination with local laser therapy	199
Indications.....	199
Healing of wounds	199
Orthopedics.....	200
Neurology	200
Internal diseases.....	201
Eye conditions	201
Gynecological conditions and birth problems	202
Psychic ear points and related flower remedies	202
The emotions, the points, the flower essences and the laser frequencies	204
Ear acupuncture contra body acupuncture	206
References.....	207
Chapter 5.....	208
Acupuncture in Emergency Treatment	208
Introduction	209
Acupuncture in shock treatment	210
Case Study No. 1: 17 year old Andalusia mare in shock situation	212
Case Study No. 2: 8 year old Lousitano mare with long standing poor performance resistant to therapy	212
Case Study No. 3: 7 year old gelding, jumping horse (Hanoverian) with Myocarditis..	214

Case Study No. 4: 12 years old jumping horse (Westphalian) with acute blockage of the vertebra Th9/10	215
Case Study No. 5 Emergency Acupuncture in dramatic colic of the horses.....	217
Stomach torsion of the dog	219
Birth emergencies.....	219
Conclusions	220
References.....	221
Chapter 6.....	222
Laser Therapy and Laser Acupuncture in Wound Management and	
Post Operative Fields in Veterinary Medicine.....	222
Introduction.....	223
Why laser acupuncture?	223
Healing of wounds	226
Primary or secondary infected wounds.....	226
Hyper-granulation tissue.....	227
Eye conditions	228
Castration wounds	228
Postoperative prevention of disturbing foci	228
Patient Case Studies	229
Case Study No. 1: Infected tarsitis in a two-year-old crossbred stallion	230
Case Study No. 2: digital synovial sheath inflammation in a six-year-old crossbred gelding.....	231
Case Study No. 3: A 3 year old gelding with very serious post-operative fistulation of the funiculus testis.....	233
Case Study No. 4: Jumping horse with extreme pain after Kissing Spines” operation	234
Case Study No. 5: A two year old Hanoverian gelding with a large wound in the flexion area of the hock.....	234
Case Study No. 6: A six year old male Scotch Terrier was bitten by a male Doberman	236
Case Study No. 7: Gelding with an extraordinary reaction to laser treatment of the castration scar	237
Discussion	239
References.....	240
Chapter 7.....	242
Acupuncture in severe Chronic (Allergic) Obstructive Pulmonary	
Disease (COPD) or Recurrent Airway Obstruction (RAO) in Horses	242
Summary	243
Introduction	244
Patients in this study	244
Examination Procedure	245
Therapy	245
Results	247
Case Studies	248
Case Study No. 1: Eight-year old, dark brown, mare (Hanoverian) with back problems and a medium to high degree of COPD.....	249
Case study No. 2: A 13 year old Arabian mare for the last 9 years with COPD.....	250
Case Study No. 3: A ten-year old Trakehnian gelding with very severe COPD.....	252
Discussion.....	254
References.....	255

Chapter 8	257
Laser Acupuncture in Treatment of Chronic Back Pain in Horses	257
Summary:	258
Introduction:.....	258
Own investigations.....	259
Patients in the study	259
Disturbing fields in back problems	260
Case Study No. 1: Long standing back pain in 11 year old black warm-blooded gelding (Westphalian)	262
Case Study No. 2: Back problem in an 8 year old dark brown warm-blooded mare (Hanoverian)	263
Case Study No. 3: Tooth disturbing focus causes Back Pain in a 9 year old warm-blooded chestnut mare (Hanoverian)	263
Case Study No. 4: Acute ataxia in a 12 year old black warm-blooded mare (Oldenburger)	264
Case Study No. 5: Jumping horse with extreme pain after “kissing spine“ operation ..	265
Results	265
Discussion	266
Conclusion.....	266
References.....	267
